

Suzuki Early Childhood Education Classes Policy and Procedures

Each child should have one participating adult.

Families are to listen daily to the Suzuki Early Childhood Education Class CD. This enables mastery of the material and better enjoyment of classes.

Please do not bring food or drink to class. If your child must have a drink or snack, please take them out in the hall for the sake of the other children.

Please do not bring toys to class.

Please keep sick children home.

Please change diapers in the designated area.

There are 24 classes this year (November through June). Tuition is \$60/month, also November through June. Though the number of classes may vary per month, the tuition is divided evenly over the 8 months.

Please write 8 checks for \$60.00 each. Date each check for the first of the month, November through June. Your tuition check will be deposited within the first few days of each month.
